Dear Ms. Anderson,

On behalf of Sidewalk Detroit, I am writing to offer our full assistance in purchasing and installing 5 concrete respite areas along the walking loop, each with its own bench and room for a trash can (trash can to be provided by GSD). The costs, approximately \$14,700 are being borne by the group mentioned above. These improvements will take place in the spring of 2019. We have worked with many community representatives over the course of three years to ensure these improvements are desired. City trash service will empty the trash cans regularly to maintain this site throughout the summer.

Thank you for your time and consideration.

Sincerely,
